WHY CHOOSE TASC?

At TASC, we serve our clients in a manner that is unique to the benefits industry, with personalized service, flexible benefits options, and cutting-edge technology. This coincides with our vision to be a high-performance, engaged, and community-minded workforce.

UNIQUE LEVEL OF ADMINISTRATION

Our ongoing commitment to serving our Clients is what sets us apart from the competition. That commitment includes:

A long-term, value-oriented approach. TASC is a family-owned business with roots in the rural Midwest. Since 1975, TASC has grown to a national administrative service company with annual revenue of 50 million dollars. Even with our size we hold fast to our genuine concern for our customers, our employees, and our representatives.

A commitment to low operating expenses. This keeps our fees low and makes our services affordable for employers excluded by other administrators.

A dedication to customer service excellence. We offer a level of customer service that is unparalleled in the industry with certified and experienced representatives who put our customer needs first.

An endorsement of technology. Internet and mobile technologies are integral to the unrivaled accessibility and speed at which TASC serves our clients, and supports the ease-of-use that our customers depend on.

SUSTAINABLE COMPANY GROWTH

After more than 45 years of successful business, we remain steadfast into the future with a primary focus on our customers and their confidence in TASC. Our commitment to continued growth and innovation in order to raise the level of our services and stay ahead of the industry is a promise we can deliver.
