

# Adopt-A-School Needs Survey

This form is intended to identify the needs within the district and specific to individual schools to enable the Chamber to partner up with local organizations to help fulfill the needs and support the district in efforts to create an inspired, well-rounded, and educated population of youth that are career ready and have direction for their futures! Thank you in advance for taking the time to fill this out.

## Adopt-A-School & Education Programing

Partnering with local organizations to help meet unfulfilled needs. Most needs fall within the four following areas:

- TIME - Many schools are in need of volunteers to fill various roles from classroom helpers and reading companions to running partners for Girls on the Run.
- TALENT - Sharing your knowledge and talent through classroom presentations, job site tours, job shadows, school projects. etc. An example may be a landscaper donating plants and helping teach how to layout and properly plant planters at the schools.
- FUNDS - Financial support for various efforts such as bussing, special events, playground equipment, classroom equipment, gift cards or treats for teachers, etc.

- **GOODS** - Things your organization may have on hand or have access to getting and supplying to schools, such as classroom supplies, equipment, snacks, school supplies, etc.

**Please rate the priority level of needs within the four highlighted areas. 1 = Lowest priority 5 = Highest priority (All areas can have a high level of priority if needed).**
